**Managed Wi-Fi,  
Location analytic,  
Marketing platform...**

# VOOST analytics

## OUR BIG IDEA

---

The main purpose behind VOOST development is to drive revenue by focusing on opportunities in wireless intelligent services.

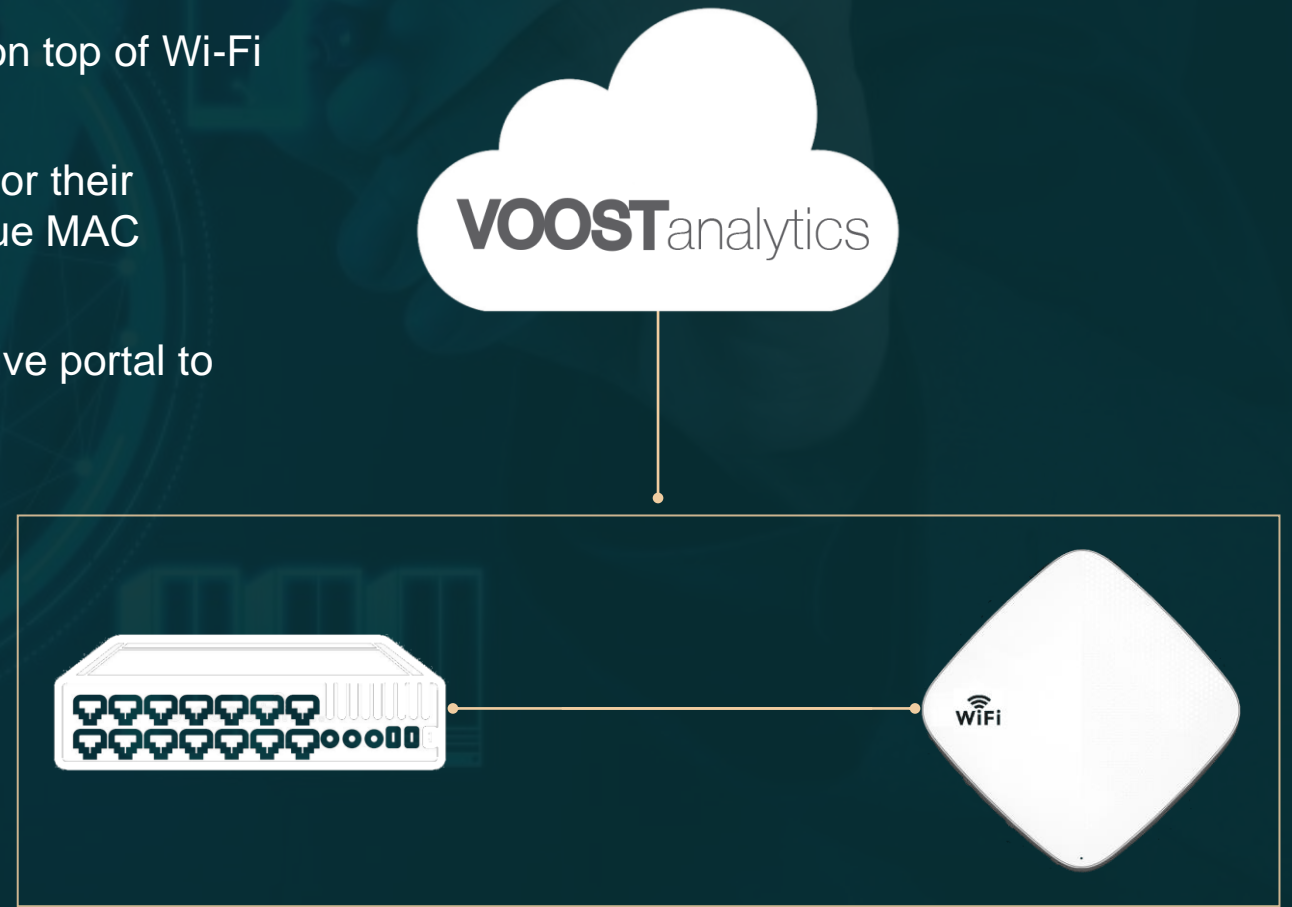

# What is **VOOST** ?

---

**VOOST** is a software solution which be implemented on top of Wi-Fi network as an additional software layer.

When users/guests connect, **VOOST** tracks and monitor their movement inside your venue using their devices' unique MAC address.

**VOOST** can captures their data via a customized captive portal to be used for reporting and marketing campaigns.

# What you will get from **VOOST** ?

---

## Client Wi-Fi

Client Wi-Fi solution enables secure, Internet-only access, and on-the-fly client logins.

## Real-time location analytics

Integrated display of key metrics that measure the appeal, engagement, and loyalty of clients.

## Marketing Manager

Reach clients via targeted display advertisements and discount coupons.

## Centralized Management

Centralized visibility and control over all your networks from a single web-based dashboard

# VOOST Adds Value for different departments

## Information Technology

- **IT departments** can gain a better understanding of network usage and trends.
- **Monitor and track users application** usage for security purposes.
- **Control Network and bandwidth** quota by assigning specific bandwidth and time slot for each guest.

## Business

- **Integrate with CRM** to increase customer database
- **Understanding foot traffic patterns** by time of day and how the capture rate varies across different sites.
- **Capitalize on repeat visits and longer dwell times** to increase average working hours or number of employees on specific hours.

## Marketing

- **Reach clients** via targeted display advertisements and discount coupons.
- **Enhance client experience with secure and branded client Wi-Fi.**
- **Measure your Marketing campaigns outcome** by comparing number of visitors before and after the campaign.

## SMS Campaign

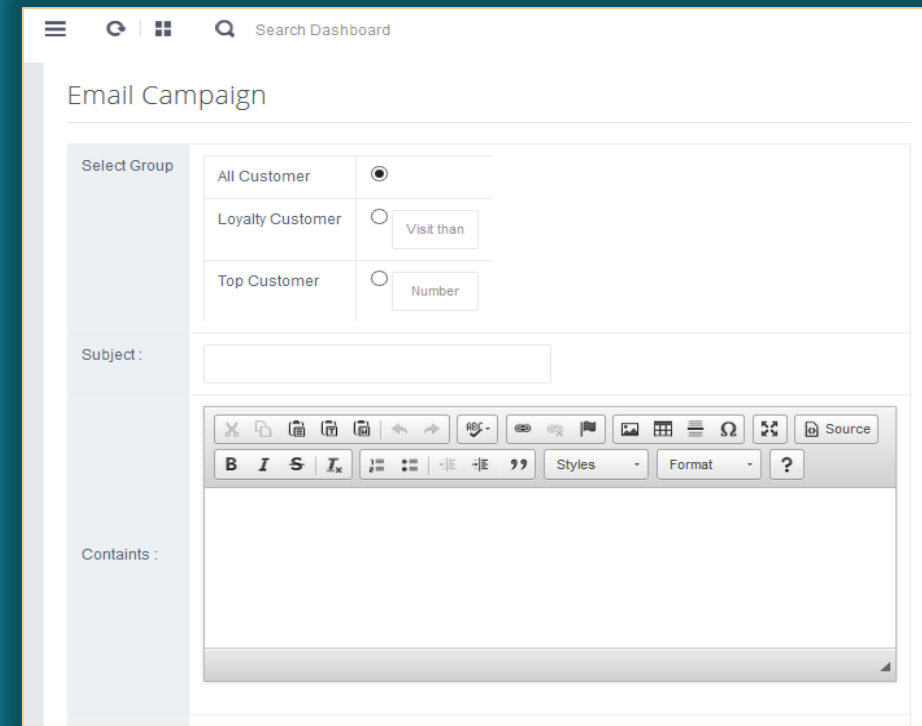

SMS campaign becomes so easy, it is just one click and your offer will be sent to all of your customers.

The screenshot shows the 'SMS Campaign' interface. It features a 'Select Group' section with three options: 'All Customer' (selected with a radio button), 'Loyalty Customer' (with a radio button and a 'Visit than' button), and 'Top Customer' (with a radio button and a 'Number' button). Below this is a 'Contains:' section with a text area labeled 'SMS Details'. A 'Send' button is located at the bottom right.

## Email Campaign

VOOST Email Campaign can help you send your email campaigns to all your visitors or just repeated visitor even if you want to send an email to a specific visitor.

The screenshot shows the 'Email Campaign' interface. It features a 'Select Group' section with three options: 'All Customer' (selected with a radio button), 'Loyalty Customer' (with a radio button and a 'Visit than' button), and 'Top Customer' (with a radio button and a 'Number' button). Below this is a 'Subject:' text input field. A rich text editor toolbar is visible, including icons for undo, redo, bold, italic, strikethrough, link, unlink, list, and link, along with 'Styles' and 'Format' dropdown menus. The 'Contains:' section is a large text area for the email content.
